GHOSTS WILL WALK

TONIGHT IS HALLOWE'EN NIGHT, THE LAST DAY OF OCTOBER.

EVERYBODY MUST BEHAVE

The Old Celebrations of a Harmless Nature Have Been Abused of Late and Complaint is Justified.

Today is Hallowe'en and tonight ghosts are supposed to walk, and numerous uncanny signs and spirits to foretell the future.

Hallowe'en or All Hallows Eve is the name given to October 31, as the vigil of Hallowmas or All Saints' Day. Although now it is little known except in its connection with the Christian festival, its formerly attendant ceremonies long antedated Christianity. The Druids were probably the first to have ceremonies around November 1. They held a great autumn festival and lighted fires in honor of the Sun-god, as a thanksgiving for the harvest. They believed that on the eve of this festival Saman, the lord of death, called together the wicked souls that within the last twelve months had been condemned to inhabit the bodies of animals.

The custom of lighting Hallowe'en fires survived until recent years in the highlands of Scotland and Wales. As many small stones as there were persons around the fire were placed in the dying embers. When a search was made the following morning, if any of the stones were missing, the persons who had placed them there would die within the year, it was believed. Nutcrack Night is England's name for this holiday.

In former days in this city Hallowe'en was a time of dread to the people. Now, however, although Hallowe'en is still a time for fun and frolic, milder forms of amusement are the rule.

SLANDERING CANDIDATES.

Tens of Thousands of Circulars Sent Out by Republicans Purveying Falsehoods.

Special to Democrat-Forum:

St. Louis, Mo., Oct. 29.—Republican campaign headquarters in this city are this week the center of great activity in the dissemination of slander and libel against the Democratic candidates.

Tens of thousands of circulars purveying falsehoods of every conceivable description are being hourly poured into the mails and dispatched to every part of the state in the hope of staying the progress of the Democratic avalanche.

The Republicans have held their mud batteries in reserve until the last moment, so that the voters of the state cannot be reached with a reply. It is noticeable, however, that no attempt has been made to explain, defend, mitigate or excuse the senatorial record of John C. McKinley, which was placed before the voters of the state many weeks ago. That record shows that McKinley was a servant of the trusts and a tool of the interests, and explains why he is still a standpatter.

Returned From the West.

Miss Clara Sturm returned Thursday noon from a four months' trip through the west, stopping in Kansas City and St. Joseph on her return. She was accompanied by her little nephew, Richard Sturm Walsh of St. Joseph to Maryville, who will visit his grandparents, Mr. and Mrs. N. Sturm.

Two More Contributions to the Wilson Campaign Fund—Is Your Name in Yet?

The Wilson campaign fund got a boost from two good Democrats yesterday. George B. Baker dropped $10 into the cause of good government and Dr. Will Wallis, Jr., sends in a dollar. Both are appreciated and there is still room for many more. The time is short. Don't let the opportunity go by. We are going to elect a Democratic president from all indications, but if the people are to dance they will have to pay the fiddler. The expense of conducting a national campaign is great. Let all who can give us a little lift.

The contributors to The Democrat-Forum's fund up to date are as follows:

THE GREATEST BOON.

Pike College Principal Declares Every City and Community Should Have Playgrounds.

Benefits to be derived from the public playground are set forth by Lulu M. Collins, principal of Pike college of Bowling Green, Mo., and chairman of the playground department of the National Congress of Mothers for Missouri, in the following article written for the St. Louis Republic:

"In nearly every part of the United States there is a great awakening on the subject of play and recreation. It is not only confined to play for children or young people but a plan to interest the play instinct of both young and old. It is a broad and profound purpose for cultivating the play instinct in the young and creating a better disposition for recreation in the 'grown-up' to such an extent that they will contribute a large part to the general social uplift.

"Every student of human progress sees in this movement a vastly improved opportunity for developing a full symmetrical character in the growing boy or girl. There are four agencies that have to do with this character: (1) Play, (2) work, including study, (3) social experience and (4) religious discipline.

"Unquestionably, the playground movement is not a fad, and it only needs the teacher, the preacher, the parent and all others who are striving to bring about better conditions to more fully appreciate its fundamental meanings.

"In answer to the question, 'How can one become acquainted with the work?' I will say he must first realize that normal, healthy children will play, even if turned out into the streets or upon a bare unequipped school ground and have a very good time. Happiness will come forth and show itself in spite of a lack of well chosen means and opportunities.

"Well directed play is a powerful deterrent of evil conduct. All healthy boys possess an inherited tendency to what our moral rules would call wrong. Their aggressive natures must have some worthy mode of expression. Otherwise they may find an inadvisable one. If the boy has some form of vigorous enticing exercise, his mind will naturally revert thither as soon as released from his imposed tasks.

"Girls, too, through the practice of play exercises best adapted to them, will cease, more and more, to think of the morbid and to act in ways degrading to character.

"Then again, the health of the boy or girl is unquestionably improved through a vigorous and well adapted play. 'A sound mind in a sound body' now has a fuller and deeper meaning.

"Every town and village can be equipped with a playground and someone selected as play leader who has acquired the peculiar ability to read juvenile character. What a great chautauqua movement does eight days in a town by having the children's hour can be made a permanent business in each town."

Resigned as J. P.

A. F. Croy, who is a justice of the peace for Polk township, handed in his resignation as such officer to the county court. The resignation will be acted upon by the county court at their session next week.

ERMINIE WAS GREAT

BIG AUDIENCE AT EMPIRE THEATER WAS DELIGHTED.

PROUD OF OUR OWN FOLKS

Mr. Webster Had Participants Drilled Up to Professionals—Looked Like Courtieres in Costume.

If Steve O'Grady of the Kansas City Star has been in Maryville last night and had witnessed the production of the comic opera "Erminie" by a company of Maryville singers and musicians, we are sure he would make a little change in the true and splendid slogan he gave us, "Maryville Has It." He would now say "Maryville Has IT." The "IT" would be the comic opera company of Maryville, discovered to us by Mr. P. M. Webster of Chicago, who directed the production of "Erminie" as given at the Empire theater Wednesday night.

The theater was packed by an audience of Maryville's lovers of music, and quite a number from surrounding towns were also here. Many of our people were unable to secure good seats and will attend Thursday night.

The First Christian church choir, under whose auspices ahe opera was given, may well feel proud of the fact that their effort is considered the best home talent entertainment that has been given in our city, and if a company of professionals had appeared in the play instead of our own home people, we doubt if the satisfaction given would have exceeded last night's work.

It is not possible to give detailed account of the work of each singer, because the leading parts were all so well balanced that to tell of each would be repetition. The soloists were at their best, and the special numbers, "Sing On," by Mrs. F. P. Robinson, "Dear," by Mrs. D. J. Thomas and Mr. J. B. Ells, and "I've Got the Finest Man," by Miss Besse Scott were splendid, while the duet written by Mr. Webster, "Meet Me, Pretty Maid," for Miss Scott and Mr. Glen Goff, was given so well that they were encored twice.

The pretty chorus of girls caught the admiration of every one, and they are entitled to all the compliments they are receiving.

The costumes were beautiful, and the exquisite grace with which they were worn convinced us of the fact that the ladies and gentlemen affecting the characters are eligible to the nobility. Everything went off with a smoothness and correctness in execution that is entitled to the word technique. It was the work of professionals.

The members of the chorus were Miss Cecil Benight, Miss Maud Banum, Miss Mildred Robinson, Miss Hermione Fisher, Miss Elsie Gibson, Miss Helen Helply, Miss Brownie Helply, Miss Katherine Carpenter, Miss Helen Ford, Miss Geneva Willey, Miss Mildred Hancock, Miss Vada Foland, Miss Alwina Herwick, Miss Ada Clayton, Miss Olivette Godsey, Miss Neva Sage, Miss Merle Oberlander, Miss Maybird Parish, Miss Matie Clayton, Miss Mattie Clayton, Miss Emma Crandall, Miss Marie Grundy, Miss Gertrude Kirch, Messrs. Don Roberts, Lester Bennett, Otto Frazee and John Strader.

TO REPAIR STREETS

ELECTRIC LIGHT COMPANY TO CURE ALL INJURY.

INSTALLING HEAT PLANT

Work Now Progressing Rapidly and It is Said Service Will Be Ready to Start Within Two Weeks.

Work on the heating system being installed by the Electric Light company is progressing rapidly, and within the next two weeks the mains will be ready so the service can start. The ditch for the mains is now dug for two blocks and the mains are being laid, the work starting at the electric light plant. The mains are to extend six blocks.

W. P. Currie, engineer in charge of the work, was explaining the workings of the system. A ditch six feet deep is being dug, and on each side of the ditch at that depth a row of tiles are placed. Then gravel is put in for a thickness of fourteen inches, and after that the big pine wood circle shaped box is placed, in which 10-inch pipes or mains are installed. The row of tiles at the bottom is to take the water off and away from the mains. For each 125 feet an extension pipe will be put in, so the service can be given to the business houses that are to take the heat.

Much complaint has been made by digging up the streets in the business section of the city. The Electric Light company, which is installing the system and who is to give the heat, has given a bond to the city of $1,000 that the streets will be placed in as good condition as before. The bond is signed by Richard Kuchs and Adolph Lippman. Here is what part of the Electric Light company agrees to do:

"That said company shall safeguard said excavations with all proper methods so as to protect all persons and property from injury while doing and carrying on said work, and to guarantee to pay to said city any damages that said city may be rendered liable to pay by reason of injury or damage to any person or property on account of the doing of said work aforesaid; * * * shall replace said excavations and said pavements in as good condition as it now is, and that said replacing of said excavations and said pavements shall be and shall leave said streets in as uniform and sightly appearance and manner as it now is; also that said company shall maintain and keep said excavations and said pavements so taken up in as good condition as it was when it was taken up."

Eugineer Currie said Thursday that his company had installed 500 heating system plants in the country, and that they were all a success.

Miss Marie Jones went to Kansas City Thursday morning to spend the day with friends and on business.

The body will be taken to the home of a daughter of the deceased, Mrs. Henry Eckert, 121 West Seventh street, where the funeral services will be held at 2 o'clock Friday afternoon, conducted by Rev. Lee Harrel of the First Baptist church. Burial will take place in Miriam cemetery.

WILL MEAN MORE PROGRESS

In Missouri Education by the Adoption of the Mill Tax Amendment.

The adoption of amendment No. 9 will mean more real progress in Missouri education in the next five years than in the past twenty-five, and will help to place Missouri in the front rank educationally. That is saying a good deal and is the great reason why so many of our foremost citizens have endorsed it.

The mill tax provided under amendment No. 9 will produce $1,500,000 net income annually. Of this amount $500,000 will be appropriated by the legislature for the support of the university and $500,000 for the normal schools. This will not increase the support now given the university, for the last legislature appropriated $1,324,000 for the university for two years, or $662,000 per year. This amount is the largest ever given the university, but it includes a deficiency appropriation and also money for building and repairs, so that the maintenance fund proper is still inadequate. The support provided by this tax will not be sufficient for the maintenance of the university, hence the university will always be dependent upon the legislature for additional support.

While the immediate object of this amendment is not to increase the income of the university, yet the expenditures made for the university, compared with those of other states, would make Missouri's support of this institution appear very far behind, and a campaign for this purpose would undoubtedly be most justifiable. Before long better support must be given it if Missouri expects her university to rank with the best in the country.

Amendment No. 9 will only slightly increase the support of the normal schools. The three main objects in this amendment are to relieve the shortage in the state revenue; to fix a permanent minimum annual maintenance fund for our higher educational institutions and to produce a more adequate fund for the support of our public schools. The amendment will give the public schools $500,000 more annually.

Each legislature finds itself unable to give adequate support to many institutions and enterprises because of lack of revenue. This measure will release nearly a million dollars annually to be used by the legislature for such purposes as it deems wise. Without question larger appropriations are needed for the maintenance of our eleemosynary, reformatory and charitable institutions, for the building of good roads, for the extension of the scientific knowledge of agriculture and similar objects. Also a large portion of this money released can be added to the public school fund of the state, and the state will still be below the average in the amount of state support for public education.

Has an Injured Foot.

Roy McClintock, a State Normal student, suffered a mashed foot Thursday noon in attempting to catch a ride on an automobile. He was taken to Dr. Nash's office, where his injury was attended to, and then removed to the residence of Mr. and Mrs. N. F. Hopper on West Second street, where he makes his home while attending school.

WINTER HERE TODAY

FIRST SNOW OF SEASON FELL THURSDAY.

COLDER WEATHER COMING

According to the Weather Forecast, and a Big Change is Due From the Early Part of the Week.

The first winter day we have had this season was today, when snow was falling this afternoon. Last night and this morning sleet fell but it did not remain on the ground long. But the snow kept falling this afternoon, but melted as soon as it fell on the ground.

The weather forecast for tonight and Friday is for colder weather. There has been quite a change in the weather since Wednesday night, the temperature falling, and overcoats felt mighty good today.

The rainfall for the month of October was 4.62 inches, or more rain than has fallen any month this summer. For June it was 2:16, July 1.09, August 1.15, and September 3.91.

It looks as if winter is here, according to the weather we had today.

J. R. Edwards, superintendent at the new postoffice building being constructed, decided to take a straw ballot of the laborers on that building to see how they were for president. Thirty-one laborers voted, and the result was: Wilson 16, Roosevelt 10, Debs 3, Taft 2.

MAY EAT MEAT FRIDAY.

Pontifical Concession Gives Permission to Catholics to Partake of Meat on All Souls' Day.

It is announced that all members of the Catholic church may eat meat Friday, All Saints' day. A pontifical concession recently promulgated grants the privilege of eating meat on a feast day when it falls on Friday. This is the first time this has happened since the concession was made. Hitherto the only day exempt from abstinence in meat eating in the Catholic church was Christmas, when it fell on Friday. As Thursday is the vigil of a holy day of obligation, no meat may be eaten on that day.

Locomotive Killed 78 Sheep.

The passenger train of the Chicago Great Western ran into a flock of 142 sheep, killing 78, south of Conception Junction, on Tuesday. The sheep were the property of Ed F. Archer, and entered the right of way of the railroad property at a place where the fence was down.

Ed Flemming Back in Jail.

Ed Flemming of Hopkins is now back in the county jail on the same charge of being drunk and disturbing the peace. He was in the county jail in the first part of October, but gave bond and was released. However, the second offense occurred Monday at Hopkins, so Deputy Sheriff Tilson arrested him again.

John Appleby and family returned this week from a visit in South Dakota.

Mr. and Mrs. Charles Spoonemore of Ravenwood were in the city Wednesday.

THE WEATHER

Rain, turning to snow, and colder tonight and Friday.

You never had a chance to vote for a better set of men than the Democratic nominees for the county offices. Vote for all of them.

After the old Republican party has honored Billy Tilson and George Evans all these years with good fat offices, it looks a little tough that they cannot now declare their allegiance to the old party instead of straying off into the Bull Moose thicket. Gratitude, gratitude, thou art a jewel in politics.

Ed Wolfert has been making many friends in his campaign for county treasurer and his election looks like a cinch with a big C. We never had a candidate better qualified, he is a perfect gentleman and will give every man an honest, square deal. He has never held nor run for a county office before. He should get the votes of all parties.

The fear felt by some of our citizens that there is danger of the single tax amendment carrying is, in the judgment of The Democrat-Forum, entirely groundless. This is a proposition of such manifest unfairness that it is not conceivable that a majority of the people of the state would vote for it. The proposition to exempt all forms of property except real estate from taxation is utterly unfair on its face. Buildings, notes, bonds and all forms of revenue producing wealth are as much a subject for taxation as the ground they rest on, and we believe the people generally entertain the same view.

The Rev. Meeker, who likes a lot of being as meek as his name indicates, seems to have smoked out the editor of the Tribune just a little bit anyway. Bro. Hull, in a long personal statement, declares he is still a Republican, but he fails to say whether he will vote for Taft or Roosevelt next Tuesday, and a careful perusal of the Tribune's columns up to date fails to show that the Republican ticket graces its columns. The Tribune has been the organ of the G. O. P. for lo these many years and has fattened at is hands, and it looks like the bitterness of gall and wormwood that the old ship, battered and helpless, is forsaken by its organ and let to struggle for itself in the rough waters of the present campaign.

POLITICAL NOTES.

(From Democratic Bureau.)

The Honorable John Chickencoop McKinley, who voted against the law making chicken stealing a felony, will retire to Putnam county after November 5th, and the imperial Missouri hen will remain on the job another four years.

* * *

The Democratic party lowered the Missouri tax rate thirty-five cents on the $100 valuation. Hadley tried to increase the taxes 300 per cent, and the Republican state candidates are all endorsing Hadley and his record.

* * *

The difference in the cost of Democratic and Republican rule in Missouri for a period of forty-four months, as shown by the state auditor's books, is $871,812.16. The Democrats have saved exactly that much to the taxpayers of the state in less than four years.

* * *

While Hadley is going about the state attacking Major, Roach and Gordon, he takes pains to never explain, nor even mention the fact of his veto of the bill reducing express rates. He vetoed that bill at the dictation of J. L. Minns, attorney for the express companies.

* * *

The vigilance of Attorney General Major and his assistants thwarted the scheme of the standpat Republicans to disfranchise the Progressive party in this state. Progressives should remember to whom they are indebted for the freedom of the ballot.

* * *

The Republican party, through Governor Hadley's veto of the bill appropriating $20,000 for the state board of immigration, suspended all the activities of the state in the matter of advertising the state's resources. And the Republican ticket is committed to the Hadley policies.

* * *

Rev. Jacob Meeker, who is making speeches under the authority of the Republican county committee, is also a single taxer. Pick up any letter from the Equitable Taxation League, look on the reverse side thereof where the names of the advisory committee are printed, and you will behold the name of this "Reverend" Jacob Meeker.

The society voted to send a Thanksgiving box to the Wesley home in St. Joseph, and to observe the week of prayer, beginning November 25 and ending November 29. The society will give a butterfly social in the basement of the church flats, Friday evening, November 15. During the social hour the hostess served refreshments, assisted by Mrs. E. W. Heideman. Mr. Skidmore Dodged

The people of Nodaway county are not primarily concerned about the question of veracity between Mr. E. J. Moore and Mr. Skidmore. They are not concerned as to whether or no Mr. Skidmore saw Mr. Moore or Mr. Jones at Jefferson City. What the people of this county do want to know, and have a right to know, is what is Mr. Skidmore's attitude toward the proposed county unit law? If elected will he favor it or will he oppose it? Credence is given to Mr. Moore's statement by the fact that Mr. Skidmore has persistently refused to commit himself as to his position on this proposed law, and has so expressed himself to some as to lead them to believe that he is opposed to it.

Again, his reason for not answering the letter addressed to him by the secretary of the county alliance is far from satisfactory to those who have their eye on the vital matter at issue. Admitting that Mr. Hull and Mr. John are both in favor of Mr. Praisewater has nothing to do with the case in hand. The mission of the alliance is, first, to ascertain the attitude of candidates for office, especially those to the legislature, toward the work of the alliance. If we find that all of the candidates for any given office are favorable to our work, that ends our mission. If we find that any candidate is opposed to our work then, of course, our effort is by all honorable means to secure the election of those who are in accord with the work that we are trying to do. Our work is entirely non-partisan. We have nothing to say against Mr. Skidmore because he is a Democrat, nor nothing to say in favor of Mr. Praisewater because of the party he belongs to, but we do have somewhat to say as to the attitude of these men concerning the county unit law.

The county alliance is a non-partisan organization, representing all of the people of Nodaway county who are opposed to the saloon. C. H. JOHN, Secretary of County Anti-Saloon Alliance.

Many Maryville people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. VICE-PRESIDENT SHERMAN IS DEAD

Quietly Passed Away at His Home in Utica, After Long Illness.

WAS SURROUNDED BY HIS FAMILY

Death, Though Expected, Caused Profound Sorrow in Washington—Nation's Flags at Half Mast in all Countries.

Utica, N. Y., Oct. 31.—After a long illness James Schoolcraft Sherman, vice-president of the United States, died at 9:42 p. m., at his home in this city.

Death was due to Bright's disease. He had been sinking since early morning and it was realized that death was a question of only a few hours.

At 9 o'clock the patient's temperature rose to 106. From that time his condition rapidly passed from bad to worse until the end. Mr. Sherman was unconscious when the end came and had been in that condition several hours.

James S. Sherman.

All the members of the immediate family were at his bedside. In addition to Mrs. Sherman, there were in the death chamber their three sons, Sherrill, Richard U. and Thomas M. Sherman, and their wives; R. M. and Sanford Sherman, brothers of Mr. Sherman, and Mrs. L. B. Moore and Mrs. H. J. Cockinham, sisters of Mr. Sherman.

The News in Washington.

Washington, Oct. 31.—News of Vice-President Sherman's death, though it had been expected hourly, was received with profound sorrow in official Washington.

President Taft will immediately issue a proclamation directing that for 30 days all the United States embassies and legations abroad shall observe mourning.

The flags over the White house, the dome of the Capitol, and the public buildings in Washington will be half masted until the day of the funeral.

Senator Bacon is to preside over the senate when congress reassembles December 2 and until December 16.

According to the constitution, the succession to the vice-presidency now goes to Secretary Knox of the state department, who also figures as a presidential possibility should the election throw the contest into the house.

Mr. Sherman was the seventh vice president whose death in office shocked the Nation. Vice-President Clinton died in Madison's first administration and Vice-President Gerry in Madison's second term. Vice-President King died in Pierce's administration; Vice-President Wilson in that of Grant, Vice-President Hendricks in that of Cleveland and Vice-President Hobart in McKinley's first term.

"Sun Cult" Leader Sued.

Chicago, Oct. 31.—Ottoman Za Adusht Hanish, leader of the "Sun cult" and now under indictment in the federal court on charges of shipment of improper literature, was sued for $7,000 by Mrs. Ellen Nelson Mars, formerly of Kansas City, Kan. She charges that Hanish lost more than $5,000 she intrusted to him to invest for her.

Strikers Wounded Officers.

Little Falls, N. Y., Oct. 31.—Michael Daley of this city, a special policeman, was shot, and Detective John Kennedy of Albany was stabbed in a riot in front of the Phoenix Mill. Trouble started when Chief Long attempted to break up the massed picketing at the mill entrance.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

Joe Farrar Road Overseer.

Joe Farrar was selected as road overseer of district No. 2 to succeed W. O. Garrett, who has moved out of the district. The selection was made by the township board, which met last Saturday. The board also decided at this meeting to put in three new cement culverts in the northeast part of the township, near the Morehouse place.

Mrs. Sarah Wilson of Barnard was a Maryville business visitor Wednesday.

MRS. McGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

GHOSTS WILL WALK

TONIGHT IS HALLOWE'EN NIGHT, THE LAST DAY OF OCTOBER.

EVERYBODY MUST BEHAVE

The Old Celebrations of a Harmless Nature Have Been Abused of Late and Complaint is Justified.

Today is Hallowe'en and tonight ghosts are supposed to walk, and numerous uncanny signs and spirits to foretell the future.

Hallowe'en or All Hallows Eve is the name given to October 31, as the vigil of Hallowmas or All Saints' Day. Although now it is little known except in its connection with the Christian festival, its formerly attendant ceremonies long antedated Christianity. The Druids were probably the first to have ceremonies around November 1. They held a great autumn festival and lighted fires in honor of the Sun-god, as a thanksgiving for the harvest. They believed that on the eve of this festival Saman, the lord of death, called together the wicked souls that within the last twelve months had been condemned to inhabit the bodies of animals.

The custom of lighting Hallowe'en fires survived until recent years in the highlands of Scotland and Wales. As many small stones as there were persons around the fire were placed in the dying embers. When a search was made the following morning, if any of the stones were missing, the persons who had placed them there would die within the year, it was believed. Nutcrack Night is England's name for this holiday.

In former days in this city Hallowe'en was a time of dread to the people. Now, however, although Hallowe'en is still a time for fun and frolic, milder forms of amusement are the rule.

SLANDERING CANDIDATES.

Tens of Thousands of Circulars Sent Out by Republicans Purveying Falsehoods.

Special to Democrat-Forum:

St. Louis, Mo., Oct. 29.—Republican campaign headquarters in this city are this week the center of great activity in the dissemination of slander and libel against the Democratic candidates.

Tens of thousands of circulars purveying falsehoods of every conceivable description are being hourly poured into the mails and dispatched to every part of the state in the hope of staying the progress of the Democratic avalanche.

The Republicans have held their mud batteries in reserve until the last moment, so that the voters of the state cannot be reached with a reply. It is noticeable, however, that no attempt has been made to explain, defend, mitigate or excuse the senatorial record of John C. McKinley, which was placed before the voters of the state many weeks ago. That record shows that McKinley was a servant of the trusts and a tool of the interests, and explains why he is still a standpatter.

Two More Contributions to the Wilson Campaign Fund—Is Your Name in Yet?

The Wilson campaign fund got a boost from two good Democrats yesterday. George B. Baker dropped $10 into the cause of good government and Dr. Will Wallis, Jr., sends in a dollar. Both are appreciated and there is still room for many more. The time is short. Don't let the opportunity go by. We are going to elect a Democratic president from all indications, but if the people are to dance they will have to pay the fiddler. The expense of conducting a national campaign is great. Let all who can give us a little lift.

The contributors to The Democrat-Forum's fund up to date are as follows:

THE GREATEST BOON.

Pike College Principal Declares Every City and Community Should Have Playgrounds.

Benefits to be derived from the public playground are set forth by Lulu M. Collins, principal of Pike college of Bowling Green, Mo., and chairman of the playground department of the National Congress of Mothers for Missouri, in the following article written for the St. Louis Republic:

"In nearly every part of the United States there is a great awakening on the subject of play and recreation. It is not only confined to play for children or young people but a plan to interest the play instinct of both young and old. It is a broad and profound purpose for cultivating the play instinct in the young and creating a better disposition for recreation in the 'grown-up' to such an extent that they will contribute a large part to the general social uplift.

"Every student of human progress sees in this movement a vastly improved opportunity for developing a full symmetrical character in the growing boy or girl. There are four agencies that have to do with this character: (1) Play, (2) work, including study, (3) social experience and (4) religious discipline.

"Unquestionably, the playground movement is not a fad, and it only needs the teacher, the preacher, the parent and all others who are striving to bring about better conditions to more fully appreciate its fundamental meanings.

"In answer to the question, 'How can one become acquainted with the work?' I will say he must first realize that normal, healthy children will play, even if turned out into the streets or upon a bare unequipped school ground and have a very good time. Happiness will come forth and show itself in spite of a lack of well chosen means and opportunities.

"Well directed play is a powerful deterrent of evil conduct. All healthy boys possess an inherited tendency to what our moral rules would call wrong. Their aggressive natures must have some worthy mode of expression. Otherwise they may find an inadvisable one. If the boy has some form of vigorous enticing exercise, his mind will naturally revert thither as soon as released from his imposed tasks.

"Girls, too, through the practice of play exercises best adapted to them, will cease, more and more, to think of the morbid and to act in ways degrading to character.

"Then again, the health of the boy or girl is unquestionably improved through a vigorous and well adapted play. 'A sound mind in a sound body' now has a fuller and deeper meaning.

"Every town and village can be equipped with a playground and someone selected as play leader who has acquired the peculiar ability to read juvenile character. What a great chautauqua movement does eight days in a town by having the children's hour can be made a permanent business in each town."

Resigned as J. P.

A. F. Croy, who is a justice of the peace for Polk township, handed in his resignation as such officer to the county court. The resignation will be acted upon by the county court at their session next week.

ERMINIE WAS GREAT

BIG AUDIENCE AT EMPIRE THEATER WAS DELIGHTED.

PROUD OF OUR OWN FOLKS

Mr. Webster Had Participants Drilled Up to Professionals—Looked Like Courtieres in Costume.

If Steve O'Grady of the Kansas City Star has been in Maryville last night and had witnessed the production of the comic opera "Erminie" by a company of Maryville singers and musicians, we are sure he would make a little change in the true and splendid slogan he gave us, "Maryville Has It." He would now say "Maryville Has IT." The "IT" would be the comic opera company of Maryville, discovered to us by Mr. P. M. Webster of Chicago, who directed the production of "Erminie" as given at the Empire theater Wednesday night.

The theater was packed by an audience of Maryville's lovers of music, and quite a number from surrounding towns were also here. Many of our people were unable to secure good seats and will attend Thursday night.

The First Christian church choir, under whose auspices ahe opera was given, may well feel proud of the fact that their effort is considered the best home talent entertainment that has been given in our city, and if a company of professionals had appeared in the play instead of our own home people, we doubt if the satisfaction given would have exceeded last night's work.

It is not possible to give detailed account of the work of each singer, because the leading parts were all so well balanced that to tell of each would be repetition. The soloists were at their best, and the special numbers, "Sing On," by Mrs. F. P. Robinson, "Dear," by Mrs. D. J. Thomas and Mr. J. B. Ells, and "I've Got the Finest Man," by Miss Besse Scott were splendid, while the duet written by Mr. Webster, "Meet Me, Pretty Maid," for Miss Scott and Mr. Glen Goff, was given so well that they were encored twice.

The pretty chorus of girls caught the admiration of every one, and they are entitled to all the compliments they are receiving.

The costumes were beautiful, and the exquisite grace with which they were worn convinced us of the fact that the ladies and gentlemen affecting the characters are eligible to the nobility. Everything went off with a smoothness and correctness in execution that is entitled to the word technique. It was the work of professionals.

The members of the chorus were Miss Cecil Benight, Miss Maud Barnum, Miss Mildred Robinson, Miss Hermione Fisher, Miss Elsie Gibson, Miss Helen Helply, Miss Brownie Helply, Miss Katherine Carpenter, Miss Helen Ford, Miss Geneva Wilfley, Miss Mildred Hancock, Miss Vada Foland, Miss Alwina Herwick, Miss Ada Clayton, Miss Olivette Godsey, Miss Neva Sage, Miss Merle Oberlander, Miss Maybird Parish, Miss Matie Clayton, Miss Mattie Clayton, Miss Emma Crandall, Miss Marie Grundy, Miss Gertrude Kirch, Messrs. Don Roberts, Lester Bennett, Otto Frazee and John Strader.

TO REPAIR STREETS

ELECTRIC LIGHT COMPANY TO CURE ALL INJURY.

INSTALLING HEAT PLANT

Work Now Progressing Rapidly and It is Said Service Will Be Ready to Start Within Two Weeks.

Work on the heating system being installed by the Electric Light company is progressing rapidly, and within the next two weeks the mains will be ready so the service can start. The ditch for the mains is now dug for two blocks and the mains are being laid, the work starting at the electric light plant. The mains are to extend six blocks.

W. P. Currie, engineer in charge of the work, was explaining the workings of the system. A ditch six feet deep is being dug, and on each side of the ditch at that depth a row of tiles are placed. Then gravel is put in for a thickness of fourteen inches, and after that the big pine wood circle shaped box is placed, in which 10-inch pipes or mains are installed. The row of tiles at the bottom is to take the water off and away from the mains. For each 125 feet an extension pipe will be put in, so the service can be given to the business houses that are to take the heat.

Much complaint has been made by digging up the streets in the business section of the city. The Electric Light company, which is installing the system and who is to give the heat, has given a bond to the city of $1,000 that the streets will be placed in as good condition as before. The bond is signed by Richard Kuehs and Adolph Lippman. Here is what part of the Electric Light company agrees to do:

"That said company shall safeguard said excavations with all proper methods so as to protect all persons and property from injury while doing and carrying on said work, and to guarantee to pay to said city any damages that said city may be rendered liable to pay by reason of injury or damage to any person or property on account of the doing of said work aforesaid; * * * shall replace said excavations and said pavements in as good condition as it now is, and that said replacing of said excavations and said pavements shall be and shall leave said streets in as uniform and sightly appearance and manner as it now is; also that said company shall maintain and keep said excavations and said pavements so taken up in as good condition as it was when it was taken up."

Engineer Currie said Thursday that his company had installed 500 heating system plants in the country, and that they were all a success.

WILL MEAN MORE PROGRESS

In Missouri Education by the Adoption of the Mill Tax Amendment.

The adoption of amendment No. 9 will mean more real progress in Missouri education in the next five years than in the past twenty-five, and will help to place Missouri in the front rank educationally. That is saying a good deal and is the great reason why so many of our foremost citizens have endorsed it.

The mill tax provided under amendment No. 9 will produce $1,500,000 net income annually. Of this amount $500,000 will be appropriated by the legislature for the support of the university and $500,000 for the normal schools. This will not increase the support now given the university, for the last legislature appropriated $1,324,000 for the university for two years, or $662,000 per year. This amount is the largest ever given the university, but it includes a deficiency appropriation and also money for building and repairs, so that the maintenance fund proper is still inadequate. The support provided by this tax will not be sufficient for the maintenance of the university, hence the university will always be dependent upon the legislature for additional support.

While the immediate object of this amendment is not to increase the income of the university, yet the expenditures made for the university, compared with those of other states, would make Missouri's support of this institution appear very far behind, and a campaign for this purpose would undoubtedly be most justifiable. Before long better support must be given it if Missouri expects her university to rank with the best in the country.

Amendment No. 9 will only slightly increase the support of the normal schools. The three main objects in this amendment are to relieve the shortage in the state revenue; to fix a permanent minimum annual maintenance fund for our higher educational institutions and to produce a more adequate fund for the support of our public schools. The amendment will give the public schools $500,000 more annually.

Each legislature finds itself unable to give adequate support to many institutions and enterprises because of lack of revenue. This measure will release nearly a million dollars annually to be used by the legislature for such purposes as it deems wise. Without question larger appropriations are needed for the maintenance of our eleemosynary, reformatory and charitable institutions, for the building of good roads, for the extension of the scientific knowledge of agriculture and similar objects. Also a large portion of this money released can be added to the public school fund of the state, and the state will still be below the average in the amount of state support for public education.

Has an Injured Foot.

Roy McClintock, a State Normal student, suffered a mashed foot Thursday noon in attempting to catch a ride on an automobile. He was taken to Dr. Nash's office, where his injury was attended to, and then removed to the residence of Mr. and Mrs. N. F. Hopper on West Second street, where he makes his home while attending school.

WINTER HERE TODAY

FIRST SNOW OF SEASON FELL THURSDAY.

COLDER WEATHER COMING

According to the Weather Forecast, and a Big Change is Due From the Early Part of the Week.

The first winter day we have had this season was today, when snow was falling this afternoon. Last night and this morning sleet fell but it did not remain on the ground long. But the snow kept falling this afternoon, but melted as soon as it fell on the ground.

The weather forecast for tonight and Friday is for colder weather. There has been quite a change in the weather since Wednesday night, the temperature falling, and overcoats felt mighty good today.

The rainfall for the month of October was 4.62 inches, or more rain than has fallen any month this summer. For June it was 2:16, July 1.09, August 1.15, and September 3.91.

It looks as if winter is here, according to the weather we had today.

J. R. Edwards, superintendent at the new postoffice building being constructed, decided to take a straw ballot of the laborers on that building to see how they were for president. Thirty-one laborers voted, and the result was: Wilson 16, Roosevelt 10, Debs 3, Taft 2.

MAY EAT MEAT FRIDAY.

Pontifical Concession Gives Permission to Catholics to Partake of Meat on All Souls' Day.

It is announced that all members of the Catholic church may eat meat Friday, All Saints' day. A pontifical concession recently promulgated grants the privilege of eating meat on a feast day when it falls on Friday. This is the first time this has happened since the concession was made. Hitherto the only day exempt from abstinence in meat eating in the Catholic church was Christmas, when it fell on Friday. As Thursday is the vigil of a holy day of obligation, no meat may be eaten on that day.

Locomotive Killed 78 Sheep.

The passenger train of the Chicago Great Western ran into a flock of 142 sheep, killing 78, south of Conception Junction, on Tuesday. The sheep were the property of Ed F. Archer, and entered the right of way of the railroad property at a place where the fence was down.

Ed Flemming Back in Jail.

Ed Flemming of Hopkins is now back in the county jail on the same charge of being drunk and disturbing the peace. He was in the county jail in the first part of October, but gave bond and was released. However, the second offense occurred Monday at Hopkins, so Deputy Sheriff Tilson arrested him again.

John Appleby and family returned this week from a visit in South Dakota.

Mr. and Mrs. Charles Spoonemore of Ravenwood were in the city Wednesday.

George Pat Wright has made an excellent prosecutor and he deserves the big majority that he is sure to get.

You never had a chance to vote for a better set of men than the Democratic nominees for the county offices. Vote for all of them.

After the old Republican party has honored Billy Tilson and George Evans all these years with good fat offices, it looks a little tough that they cannot now declare their allegiance to the old party instead of straying off into the Bull Moose thicket. Gratitude, gratitude, thou art a jewel in politics.

Ed Wolfert has been making many friends in his campaign for county treasurer and his election looks like a cinch with a big C. We never had a candidate better qualified, he is a perfect gentleman and will give every man an honest, square deal. He has never held nor run for a county office before. He should get the votes of all parties.

The fear felt by some of our citizens that there is danger of the single tax amendment carrying is, in the judgment of The Democrat-Forum, entirely groundless. This is a proposition of such manifest unfairness that it is not conceivable that a majority of the people of the state would vote for it. The proposition to exempt all forms of property except real estate from taxation is utterly unfair on its face. Buildings, notes, bonds and all forms of revenue producing wealth are as much a subject for taxation as the ground they rest on, and we believe the people generally entertain the same view.

The Rev. Meeker, who likes a lot of being as meek as his name indicates, seems to have smoked out the editor of the Tribune just a little bit anyway. Bro. Hull, in a long personal statement, declares he is still a Republican, but he fails to say whether he will vote for Taft or Roosevelt next Tuesday, and a careful perusal of the Tribune's columns up to date fails to show that the Republican ticket graces its columns. The Tribune has been the organ of the G. O. P. for lo these many years and has fattened at is hands, and it looks like the bitterness of gall and wormwood that the old ship, battered and helpless, is forsaken by its organ and let to struggle for itself in the rough waters of the present campaign.

POLITICAL NOTES.

(From Democratic Bureau.)

The Honorable John Chickencoop McKinley, who voted against the law making chicken stealing a felony, will retire to Putnam county after November 5th, and the imperial Missouri hen will remain on the job another four years.

* * *

The Democratic party lowered the Missouri tax rate thirty-five cents on the $100 valuation. Hadley tried to increase the taxes 300 per cent, and the Republican state candidates are all endorsing Hadley and his record.

* * *

The difference in the cost of Democratic and Republican rule in Missouri for a period of forty-four months, as shown by the state auditor's books, is $871,812.16. The Democrats have saved exactly that much to the taxpayers of the state in less than four years.

* * *

While Hadley is going about the state attacking Major, Roach and Gordon, he takes pains to never explain, nor even mention the fact of his veto of the bill reducing express rates. He vetoed that bill at the dictation of J. L. Minns, attorney for the express companies.

* * *

The vigilance of Attorney General Major and his assistants thwarted the scheme of the standpat Republicans to disfranchise the Progressive party in this state. Progressives should remember to whom they are indebted for the freedom of the ballot.

* * *

The Republican party, through Governor Hadley's veto of the bill appropriating $20,000 for the state board of immigration, suspended all the activities of the state in the matter of advertising the state's resources. And the Republican ticket is committed to the Hadley policies.

* * *

Rev. Jacob Meeker, who is making speeches under the authority of the Republican county committee, is also a single taxer. Pick up any letter from the Equitable Taxation League, look on the reverse side thereof where the names of the advisory committee are printed, and you will behold the name of this "Reverend" Jacob Meeker.

Their Golden Wedding.

Mr. and Mrs. John W. Coleman, living on East First street, will celebrate their golden wedding anniversary on Saturday, November 2. One hundred beautiful invitations have been issued by their children, who purpose to make it a happy golden day for all. The venerable couple will greet their friends from 2 until 5 o'clock in the afternoon.

Missionary Meeting.

The Women's Missionary society of the M. E. church, South, met at the home of Mrs. E. J. Thornton on Wednesday afternoon. A good program was rendered after the regular business session. Mrs. Frank Mathis, who was a delegate to the St. Joseph missionary conference, gave an excellent report of missionary work being done in the district. The Maryville auxiliary was recognized as one of the best in the district. Mrs. E. B. Sheldon gave an interesting talk on "Our Wesley House in St. Joseph and Its Work." A paper by Mrs. T. L. Wilderman on "A New Light in America" was well received, also the vocal solo by Miss Velma Gray. Mrs. Henry Stapler conducted an instructive quiz on "Orientals in the United States." The society voted to send a Thanksgiving box to the Wesley home in St. Joseph, and to observe the week of prayer, beginning November 25 and ending November 29. The society will give a butterfly social in the basement of the church flats, Friday evening, November 15. During the social hour the hostess served refreshments, assisted by Mrs. E. W. Heideman. The next meeting will be with Mrs. Henry Stapler, the last of November.

Mr. Skidmore Dodged

The people of Nodaway county are not primarily concerned about the question of veracity between Mr. E. J. Moore and Mr. Skidmore. They are not concerned as to whether or no Mr. Skidmore saw Mr. Moore or Mr. Jones at Jefferson City. What the people of this county do want to know, and have a right to know, is what is Mr. Skidmore's attitude toward the proposed county unit law? If elected will he favor it or will he oppose it? Credence is given to Mr. Moore's statement by the fact that Mr. Skidmore has persistently refused to commit himself as to his position on this proposed law, and has so expressed himself to some as to lead them to believe that he is opposed to it.

Again, his reason for not answering the letter addressed to him by the secretary of the county alliance is far from satisfactory to those who have their eye on the vital matter at issue. Admitting that Mr. Hull and Mr. John are both in favor of Mr. Praisewater has nothing to do with the case in hand. The mission of the alliance is, first, to ascertain the attitude of candidates for office, especially those to the legislature, toward the work of the alliance. If we find that all of the candidates for any given office are favorable to our work, that ends our mission. If we find that any candidate is opposed to our work then, of course, our effort is by all honorable means to secure the election of those who are in accord with the work that we are trying to do. Our work is entirely non-partisan. We have nothing to say against Mr. Skidmore because he is a Democrat, nor nothing to say in favor of Mr. Praisewater because of the party he belongs to, but we do have somewhat to say as to the attitude of these men concerning the county unit law.

The county alliance is a non-partisan organization, representing all of the people of Nodaway county who are opposed to the saloon. C. H. JOHN, Secretary of County Anti-Saloon Alliance.

DON'T KNOW THEY HAVE APPENDICITIS.

Many Maryville people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. Warren Jones, druggist, states if these people will try simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the German appendicitis remedy, they will be surprised at the QUICK benefit. A SINGLE DOSE relieves these troubles INSTANTLY.—Advertisement.

YOUR HAIR IS FLUFFY, BEAUTIFUL AND LUSTROUS IN A FEW MOMENTS

GIRLS! GET A 25-CENT BOTTLE OF "DANDERINE" AND TRY THIS—ALSO STOPS FALLING HAIR; DESTROYS DANDRUFF.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.—Advertisement.

VICE-PRESIDENT SHERMAN IS DEAD

Quietly Passed Away at His Home in Utica, After Long Illness.

WAS SURROUNDED BY HIS FAMILY

Death, Though Expected, Caused Profound Sorrow in Washington—Nation's Flags at Half Mast in all Countries.

Utica, N. Y., Oct. 31.—After a long illness James Schoolcraft Sherman, vice-president of the United States, died at 9:42 p. m., at his home in this city.

Death was due to Bright's disease. He had been sinking since early morning and it was realized that death was a question of only a few hours.

At 9 o'clock the patient's temperature rose to 106. From that time his condition rapidly passed from bad to worse until the end. Mr. Sherman was unconscious when the end came and had been in that condition several hours.

James S. Sherman.

All the members of the immediate family were at his bedside. In addition to Mrs. Sherman, there were in the death chamber their three sons, Sherrill, Richard U. and Thomas M. Sherman, and their wives; R. M. and Sanford Sherman, brothers of Mr. Sherman, and Mrs. L. B. Moore and Mrs. H. J. Cockinham, sisters of Mr. Sherman.

The News in Washington.

Washington, Oct. 31.—News of Vice-President Sherman's death, though it had been expected hourly, was received with profound sorrow in official Washington.

President Taft will immediately issue a proclamation directing that for 30 days all the United States embassies and legations abroad shall observe mourning.

The flags over the White house, the dome of the Capitol, and the public buildings in Washington will be half masted until the day of the funeral.

Senator Bacon is to preside over the senate when congress reassembles December 2 and until December 16.

According to the constitution, the succession to the vice-presidency now goes to Secretary Knox of the state department, who also figures as a presidential possibility should the election throw the contest into the house.

Mr. Sherman was the seventh vice president whose death in office shocked the Nation. Vice-President Clinton died in Madison's first administration and Vice-President Gerry in Madison's second term. Vice-President King died in Pierce's administration; Vice-President Wilson in that of Grant, Vice-President Hendricks in that of Cleveland and Vice-President Hobart in McKinley's first term.

"Sun Cult" Leader Sued.

Chicago, Oct. 31.—Ottoman Zar Adusht Hanish, leader of the "Sun cult" and now under indictment in the federal court on charges of shipment of improper literature, was sued for $7,000 by Mrs. Ellen Nelson Marx, formerly of Kansas City, Kan. She charges that Hanish lost more than $5,000 she intrusted to him to invest for her.

Strikers Wounded Officers.

Little Falls, N. Y., Oct. 31.—Michael Daley of this city, a special policeman, was shot, and Detective John Kennedy of Albany was stabbed in a riot in front of the Phoenix Mill. Trouble started when Chief Long attempted to break up the massed picketing at the mill entrance.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

Joe Farrar Road Overseer.

Joe Farrar was selected as road overseer of district No. 2 to succeed W. O. Garrett, who has moved out of the district. The selection was made by the township board, which met last Saturday. The board also decided at this meeting to put in three new cement culverts in the northeast part of the township, near the Morehouse place.

Mrs. Sarah Wilson of Barnard was a Maryville business visitor Wednesday.

MRS. McGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.
